How the Iowa-led ATTAIN project works — I-35 and I-80, sixteen states

Public + private data, brought together once — delivered everywhere drivers decide.
Iowa DOT, lead applicant · CCAI year-one work plan · I-35 Anchor State · I-80 Corridor Coalition · the corridors meet in Iowa

Baseline: ATRI driver-diary research — drivers average ~56 minutes/day searching for parking, ≈$5,000/year in lost wages. FHWA ATTAIN FY25–26 · deadline August 11, 2026.
Solid boxes = public data (unchanged) · dashed boxes = private & partner data, shown generically for procurement neutrality — providers selected competitively after award.
